Dear \_\_\_\_\_:

This letter is intended as a brief summary of your professional status, progress, and career goals, as we have discussed over the past year in our 'mentoring' sessions.

We met to discuss your career development on the following dates:

Your primary interest in the department includes \_\_\_\_\_.  
You have indicated that your research efforts over the past year \_\_\_\_\_.  
Over the past year your work was presented at \_\_\_\_\_.  
Obstacles and frustrations encountered in your research pursuits include \_\_\_\_\_.  
We discussed some means to overcome these obstacles, including \_\_\_\_\_.

You have published (several, a few, no) peer reviewed articles in the past year. You indicated that you are (satisfied, discouraged, proud...) of this output.

Currently, you have (no) external funding. You indicated you plan to pursue \_\_\_\_\_ as a potential source of external funding.

Your interest in education is evident through your participate in \_\_\_\_\_. To catalog your educational responsibilities we determined that you are encountering appropriate data on our web-based Educational Activities Log.

You have participated in \_\_\_\_\_ UW CME courses. Ideally you would like to increase/decrease/your level of participation.

As service to the School of Medicine and the hospital are factors in promotion considerations we discussed increasing your committee work, including \_\_\_\_\_.

In conclusion \_\_\_\_\_.

Wishing you the best in your professional growth and development,

Your Mentors,
